

THE DEER  
DIALOGUE SEQUENCES

DIALOGUE 1 - AFTER LEVEL ONE

INT. DALIA'S BEDROOM - NIGHT

DALIA wakes up in a cold sweat. She immediately gets up and gets dressed.

KADEJAH

Hey where are you going? Is everything okay?

DALIA

I'm going to Stinson Pines. I'm sure everything's fine but I just need to check something to make sure.

KADEJAH

Stinson? The campgrounds?

DALIA

Yeah.

KADEJAH

Wait I'll come with you.

KADEJAH also gets up and begins to get dressed.

DALIA

You don't have to.

KADEJAH

I know but I'm not letting you go out in the middle of the woods by yourself.

DALIA

Thanks. I'd like the company.

KADEJAH

Though I'd like to know why we're going on this little adventure.

DALIA

It sounds stupid but I just had a really weird dream and now I think Maria might be in trouble or something.

KADEJAH  
And going to Stinson will help bring you peace of mind?

DALIA  
Hopefully...

KADEJAH  
Okay then well I hope so to. Lead the way.

**DIALOGUE 2 - AFTER LEVEL TWO**

INT. CAR - BACKROAD - NIGHT - FLASHBACK

DALIA drives while KADEJAH sits in the passenger seat.

KADEJAH  
So is there anything special about this camp?

DALIA  
Maria and I went there when we were twelve.

KADEJAH  
Oh fun.

DALIA  
Yeah...but something strange happened while we were there.

KADEJAH  
What do you mean?

DALIA  
We headed off into the woods to look for mushrooms, and we saw this deer, but it wasn't like a normal deer—it didn't run away or anything. Naturally, we decided to try and pet it, but of course as we got closer it decided to

finally move and we decided to follow it, and it led us to a clearing...the same clearing as my dream-cave and everything.

KADEJAH

I see...so that's why we're heading to that same camp...because you saw it in your dream?

DALIA

Not only that but the deer was also in my dream and it led me to Maria. I don't think I've told you this already but when Maria and I got to that clearing, the deer looked us straight in the eyes. It felt almost human but also not quite human. And Maria felt the same way too.

KADEJAH

So you think something supernatural is at play here?

DALIA

I don't know. On one hand we could have been reading way too much into it. On the other hand, maybe there was more to that day than we previously thought.

KADEJAH

For Maria's sake I hope it's the former.
